

Apprentice Recruitment, Devizes

Cross Manufacturing Co. (1938) Ltd. is an independent, family-owned company which supplies heat resistant sealing products to the Automotive, Aerospace and Power Generation industries. We currently employ over 300 staff, making us one of the largest companies in the Devizes area.

We pride ourselves in our Apprentice Programme, which continues to be at the foundation of our company.

The Apprenticeship Scheme is a 3-year programme, commencing August 2018.

Cross Manufacturing Apprentices earn a salary working in our Devizes factories alongside experienced engineers, achieving practical hands-on experience.

We have vacancies for:

Mechanical Engineering Apprenticeships

- Earn while you learn
- Gain practical hands-on experience using a variety of processes
- Attend college on a day-release basis

Our Mechanical Engineering Apprentices will use a variety of manufacturing processes such as milling, turning, welding and hand work, and a range of equipment including CNC and manual machines. It will also involve the production of reports, reading and understanding technical data and drawings.

During the Apprenticeship time is spent attending Wiltshire College, Chippenham on a day-release basis to gain an industry-recognised qualification.

How To Apply:

Application forms and further information are available at:
www.crossmanufacturing.com or contact 01380 722421

Application forms must be accompanied by full CV and covering letter
